SUPPLEMENTARY INFORMATION:

Background

In accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act), Commerce is conducting an administrative review of the antidumping duty (AD) order on steel propane cylinders from Thailand. On October 7, 2021, in accordance with 19 CFR 251.221(c)(1)(i), we initiated the administrative review of the AD order on steel propane

cylinders from Thailand with respect to SMPC.¹ On March 30, 2022, Commerce extended the deadline for the preliminary results to August 31, 2022.² For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.³

Scope of the Order

The merchandise covered by this order is steel propane cylinders from Thailand. For a complete description of the scope of the order, *see* the Preliminary Decision Memorandum.⁴

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. Export price was calculated in accordance with section 772 of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Preliminary Results of the Review

Commerce preliminarily determines that the following weighted-average dumping margin exists for the period August 1, 2020, through July 31, 2021:

Assessment Rates

Upon completion of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, ADs on all appropriate entries covered by this review. If an examined respondent's weighted-average dumping margin is not zero or *de minimis* in the final results of this review, we will calculate importer-specific *ad valorem* assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1). Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to ADs.

Commerce clarified its "automatic assessment" regulation on May 6, 2003.⁵ This clarification applies to entries of subject merchandise during the POR produced by SMPC for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of

⁵ For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for SMPC will be equal to the weighted-average dumping margin established in the final results of this review (except, if that rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously reviewed or investigated companies not listed in the final results of this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) if neither the exporter nor the producer is a firm covered in this or any previously completed segment of this proceeding, then the cash deposit rate will be the all-others rate of 10.77 percent that was established in the less-than-fair-value investigation.⁶ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.
